### 1-FITTED Yearling Ram

**Spilde 786 --- 48686**

B: 02/07/2024 Single

S: "High Life" RBF 735 47468

D: Craft 19-15 42751

One of our top show rams from last year. This ram was 1st in the Junior show at NAILE and second in the open to our other ram that he beat in the Junior Show. This ram has lots of eye appeal and frame size. "High Life" is a top son of "Last Chance" and out of a big Schambow ewe. This ram should work on just about any type of ewe.

### 2-FITTED Fall Ram Lamb

**Spilde 852 --- Pending**

B: 10/02/2024 Twin

S: "Hoozat" Spilde 676 48243

D: Spilde 462 42028

Tremendous opportunity to buy into special genetics here. This is a maternal brother to the All Time record selling ewe "Trifecta" and also a maternal brother to the 2024 reserve champion ram at NAILE. "Hoozat" is also the sire of the class winning March ewe lamb at NAILE. We are very excited about this young buck!

### 3-FITTED Yearling Ewe - Early

**Spilde 784 --- 48682**

B: 02/04/2024 Single

S: "High Life" RBF 735 47468

D: Spilde 233 37233

This may be the prettiest pattered ewe we have. She is super sound from the ground up and is designed elegant in her front end. 233 was champion at NAILE as a lamb and has remained one of our top brood ewes.

### 4-FITTED Yearling Ewe - Early

**Spilde 787 --- 48681**

B: 02/08/2024 Single

S: "Try Again" RBF 707 47454

D: Spilde 354 43712

This is one of our top show ewes last year and was in the hunt at Louisville last fall. 534 is out of the famous Old Glory 1519 ewe that funneled through Riverwood to our flock. She is the mother of both "Red River" and "Hoppy". 534 is a super stout made ewe and that shows through in this female.

### 5-FITTED Yearling Ewe - Late

**Spilde 795 --- 48684**

B: 02/24/2024 Twin

S: "High Life" Spilde 795 47468

D: Craft 19-29 42610

Every year we try to bring our top yearling ewes to the National in Ohio. This is one of the ewes that kept catching our eye so we decided she just had to go. The "High Life" offspring have been very impressive!

### 6-FITTED Yearling Ewe - Late

**Spilde 811 --- 49275**

B: 04/01/2024 Single

S: "Hoozat" Spilde 676 48243

D: MJM 2121 44300

This is one of the best designed ewes in the barn. "Hoozat" has made some crazy good sheep so far. MJM 2121 was our pick of the yearling ewes at the National sale a few years ago to add to our genetic base and she's done a great job for us.

### 7-FITTED Fall Ewe Lamb

**Spilde 848 --- 49261**

B: 09/19/2024 Single

S: "Last Chance" Spilde 431 42019

D: JET 1972 41837

"Last Chance" has made some of the top show prospects in the breed for a number of years. We have cut back on how much we use him so we didn't get too lined up. However, we keep going back to him because his lambs always have a presence about them in the ring and this one is no exception! We have had tremendous success with our fall lambs for a number of years in a row and hope ewe lambs like this can continue the tradition! Futurity Nominated.

### 8-FITTED Fall Ewe Lamb

**Spilde 860 --- 49280**

B: 10/14/2024 Single

S: "Cash" Spilde 650 46010

D: Spilde 2678 36046

"Cash" is a top son of "Last Chance" and is owned jointly with Johnson's from IL. He has made his mark on the breed in a hurry and continues to stamp out long bodied sheep with style. This has been another of our favorites from day one. As we stated already, we take a lot of pride in sending out as many nationally competitive Tunis as we possible. Don't miss a chance to grab one of these elite females! Futurity nominated.

S: Strahl 21-12 Spilde 338 - 38 Special 10514  
D: Snowcap 2209 21548  
I would be keeping this ram for my flock to breed ewes as he's got a very unique pedigree. He was second place March ram lamb at Louisville in 2024. He's the longest ram I have ever raised, long topped, sided and loin. He's cleaned fronted, thick bodied ram and is true down his top. His dam is a White Lightning daughter that is out of Crown Royal and one of the two Chapman ewes. And I only have two Chapman ewes and they are one of a kind ewes that made a base in my flock. His grandmother on the dam side goes back to the Judy Moore ewe I had and was out of the old 900 buck. His sire side is 38 Special and his sire is a ewe maker and his ratio in my flock is 8-1 ewes to rams so when he makes rams they are truly one of a kind. 38 Special stamps all his lambs with factor. If you're looking for that out cross ram, look no further this guy is Unique all the way around.

### 112-January Ram Lamb

S: Brooke's 1802 Crown Royal

D: Brooke's 2020 Mint Julep

I will be picking one of the twins ram lambs I have out of one of my Favorite ewes Mint Julep who is out of a Chapman ewe I call Miss Ziva. And I have only ever sold 2 of her daughters and a granddaughter out of Miss Ziva as she makes good sheep for any flock. This pair of twin buck lambs are two peas in a pod. A matched pair one has my eye one day and flips the other. Good headed, big topped, big hip and big boned. Good feet and legs, thick, long bodied. I would keep them both to use because they are just flat good but one will be making its way to Ohio. Don't overlook this January.

### 113-January Ewe Lamb

S: Black Acre 64 - Cletus

D: Snowcap 2209

We didn't have too many January ewe lambs this year so I'm digging in a keeper pen. I have a pair of twin ewe lambs Sired by Cletus the Sr. National Champion ram at Louisville in 2024. He is a Bunny crossed with Crown Royal. Both these ewe lambs are stylish and are a complete package. Cletus stamped his lambs and all were uniform. Pretty headed, good hair coat, big topped, big boned, big hip and are thick. These lambs are fast weight gainers. Stop by and look at this pretty girl. She is a late January and is full of potential.

Super extended ram with a lot of gas left in his tank. He is young but he's been an eye catcher from the very beginning. 4464 is a "White Cap" daughter and RBF 5016 is the Top buck produced by the Loper's before we bought their flock. His mother is a full sister to "Zoom" and he's sired by the same Moore ram that sired the champion ewe at Louisville last November.

There is a lot to like in this female! She is feminine and yet powerful. It's hard to make sheep long and yet straight in their top line. This is a strong show prospect! 5013 is a big daughter of the Moore 268 Stud.

Looking to infuse your flock with proven, time-tested genetics? This ewe boasts a stacked pedigree, backed by 17 years of championship Texel breeding, with the backside of her pedigree tracing back over two decades to our matriarch ewes and ram from Montana (JK 626 & JK 684). Her strikingly sought-after UK-style skull (alert, strong, and eye-catching) is perched on top of a bold-centered, robust frame that exudes broodiness and strength. Her sire, known as "Uncle" by Maqui Heeren of WI, is the stoutest son we've bred from Finito - the 2021 Nat'l Champion and Mr. Pickles' half-brother whom we've built the foundation of our flock's future. Her paternal grandmother brings even more championship lineage, being out of the 2021 All-American Jr. Show Champion Ewe and sired by the esteemed 2018 Nat'l Champion Ram, Fisher Q136, whose impressive 6.2" LEA scan speaks for itself. His influence runs deep, with her dam being a Fisher Q136 daughter, doubling up on proven, powerhouse genetics. Please contact us with any questions about her or if you need help arranging hauling options. We are going to the Midwest Stud Ram Sale and can take her with us if desired. Further pictures and info will be shared on our Clay-Nob Farms Facebook page when available.

If you remember the Grand Champion Ram from 2024, this guy is made awfully similar to that ram and comes in a painted up package as well! Half brother to the twin fall born rams that have been really popular on our Facebook page. Tiffin Point lambs have been some of the favorites amongst early visitors and us alike. They've got the extra bone, mass and just all around, very complete in their structural build!

We are committed to consign some of our best this spring/summer and 8401 has been in the top half of the fall ewe lambs since she was born. Really elegant, feminine fronted ewe who ties in really good at the top side of her shoulder and his super level out of her hip. She's one that I could watch waltz around the picture pen all day and never miss a step!

This ewe lamb is the result of a bred ewe we purchased from Tory Creek Ranch as apart of their flock reduction. This ewe lamb is by far more on the extreme side in terms of frame size. She is going to mature into a big yearling! Really stylish and pretty profiling! She is only going to get better with time!

Good built, high quality Black Katahdins are in style and in high demand, but are certainly hard to find. Well look no further! We get tons of messages every year asking if there is going to be any solid black ewe lambs available. Well you are in luck this year, as Mother Nature has blessed us with an abundance of black and an abundance of ewe lambs. I just can't keep them all! 8588 is as cocky and neat looking as I can make one! She's good and she knows it! She still doesn't lack in body, muscle and width that is often lost when strictly selecting for hide color! From a set of triplet ewe lambs out of a maiden yearling ewe who goes back to on of the oldest ewes on the place (TMD 1559). The granddam is FRA 5312 who was one of our popular show ewes in 2020 and has been the dam of several good show ewes! Don't pass up on her!

Cotton Eye Joe was the sire of the Reserve National Champion Ewe at the Midwest Stud Ram Sale in 2024. 8602 is almost a replica of that same ewe lamb. Super good fronted with the correct hip and hind leg structure that is built to last. She will make a fun project or a tremendous brood ewe prospect for whoever purchases her!

We call her Bessie and I don't claim to know a lot about this breed but this one has been a fun one to feed. She was Champion Hair over all hair breeds at the 2024 Tulsa State Fair and top 3 in her class at NAILE. She has been commented on several times for being one of the biggest topped Katahdin's out there. We either have to buy more to go with her or offer her up for someone else to show and breed. She is good livestock!

This ewe, "Daisy" is a white ewe that my 4Her who has gone to college showed. She is all our breeding and lives on our farm. She is a very pretty ewe with a beautiful fleece. He sire is a white Polly Hopkins ram that has produced many winners in the ring. Her dam is a white ewe that has done well in the show ring. If we kept both "colors" here at Someday Soon she wouldn't be leaving. She will be a great addition to any flock! Check out our Facebook page for pictures "Maybe Tomorrow Farm/Someday Soon Farm". I was blessed this year to not start lambing until February so the lambs are younger at the time of entry. This one is the first one to be born in a very deep set of February ram lambs. He's cool-colored, big-footed and stout. Really interesting pedigree with "Yahtzee", the '21 Champion NAILE ram on top, and a "Bingo" daughter for mom. "Bingo" was our Champion Ewe in Louisville in '18. I think this guy will make a show buck that will breed well on into the future.

If you like them fancy, look in on this one. She is cocky-fronted, long-sided, and comes with that show ring profile. I traditionally try to bring a star to this sale. I think this one carries that potential. Last year's pick for this sale went on to be Champion Ewe at Louisville. She was a "Twisted Trickster" daughter and this one is a granddaughter out of him. This one's sire is the "Half Time" ram that was Reserve Ram at NAILE last year for the Schakel family. Her dam is a rockstar out of a ewe out of "Mona", a 989 daughter and the Wolf "Most Wanted" ram. This lamb is a maternal sister to our special fall ewe from last year, "Miss 17". I think "Maggy" will be a fun one to campaign this summer and fall.

We are extremely excited to off this stud at the 2025 Ohio Showcase Sale this year. "Black Bear" attracted a lot of attention this past year with an impressive showing at NAILE, where he was a class winner in the Jr and Open shows and was also named Reserve Grand champion Ram in the Jr show. His sire, "Yahtzee" was the Supreme champion Natural colored ram at NAILE in 2021. "Yahtzee" collected a dominating show record himself and his impact he has had on our flock as well as the PENC flock has been impressive siring state fair winners across the country. The Dam's side of Black Bear has been equally successful in the show ring as well as the lambing barn. We feel "Black Bear" brings a very unique set of qualities that will impact the breed. If you have been searching for your next stud, stop by the pens and check him out!

This ram is attractive and has great breed characteristics. He has a nice long body and dense fleece that is very uniform. He is good on his feet. While I would like to keep them all, I am told I have to sell some. He has been codon tested and we are awaiting the results, but the sire is RR and dam is QR.

She came back with a vengeance and grew out well enough to make it on the show string last year and held her own in classes where she was considerably younger than the rest of the class. Last year we kept 5 ewe lambs for replacement females with the plans to keep all 5. With this being the first year for the Polypays at the Ohio Showcase Sale, we decided to pull one out of the group. Whether you are looking for a foundation ewe or a production type female this one will fit the bill.

All three of our fall ewe lamb entries are naturally conceived, no hormones needed here folks! If you have been following our Polypay flock the last few years you may have noticed that OUT BREAK has been making his mark. He has sired numerous stud rams that have been sold to different flocks around the country, including a set of twins L&K 2303 and L&K 2304 who are currently at work for the University of Idaho who are full brothers to this ram. If you trace back our pedigrees on the maternal side you will see that Lady Gaga is one of our foundation females who "knows how to crank out the good ones". Not only does she have an outstanding record in the lambing barn she left her mark in the show ring as well. If you are looking for a ram who has bone for days with a level top and loads of power this is one you should be looking at to put in your stud ram line up.

We used him and have a set of nice March lambs on the ground! One of the biggest farmed longest bodied rams we have raised in quite a while. Very strong NSIP profile as well: 117 USA Maternal index, with parasite resistance (-54 Weaning FEC and -64 Post Weaning FEC).

Our fall lamb set was extremely deep this year. We always bring our best fall ram to Ohio. 2504 is structurally correct and stands on monster bone. He is big topped, big caged, and breed type is exceptional, plenty of shag and fuzzy. Hondo adds an extra shot of power while still making them good looking. Check our FB page for pictures and updates on all of our consignments.

D: Darlington 'Downs 2230 FF3198  
Rising Tide has done a tremendous job for us, siring lambs that are cocky looking with a super profile. This lamb is dead level with a big center body. Breed type is spot on with shag and fuzz for days. Dam is consistent and prolific; she had twins in the fall and recently lambled with twins again this spring. Her sire is the Junge buck we used for a few breeding seasons.

D: Darlington 'Downs 2130 EE7879  
Our fall ewe lamb pen is deep in both quality and quantity. This late fall ewe lamb is powerful when you get behind her, she is big topped and opened up in her rib. Hondo has added power without sacrificing look and breed type.

Interesting mating here. This lamb will most likely be more moderate when she matures but reads with extension and plenty of power. She is cocky with excellent type and shag. Don't miss this neat little package.

In our opinion this guy is one of the best we have raised to date. If we were able to campaign him more on our own this summer he would be staying in the show barn. He will be the only offspring offered for sale with this bloodline and we can't wait to see him get to work in the breeding pen or show ring. Our daughter would like to retain the right to show him in the Spring Kickoff show following the sale.

Flashy and correct ram that was part of our show string last year, standing second in a stout March class at the National Show in Iowa. We have a really nice set of lambs out of him this spring and he will cover a handful of ewes for fall lambs. If we were keeping a yearling to show this year he would be the one.

This one shares the same dam as the reserve champion ewe at Louisville last year. The ONLY reason he is leaving is because the ewe that goes reserve at Louisville has a very good set of twin bucks on her. This guy reads to be a tick bigger and longer, but we really like his look and build. Study his upper hip and pin set, he will have enough muscle as he matures. Genetically, as potent as anything we have sold.

Sire was the 2024 Reserve National Champion ram out of Patriot and our 2020 NAILE Reserve Ewe. Dam was a great show ewe and has been cranking out lovely babies for the past six years. This yearling was shown extensively and successfully last year including class wins at four state fairs and she capped the year by taking a bronze medal at the 2024 NAILE. You can't go wrong here ... show her, breed her or do both! We are not showing as extensively this year as in the past, so will be offering sheep off the top of the flock. She's my best yearling ewe and only cause I have her full  
sister this year and also half sister that lambd this year that  
I'm deciding on putting her in the sale! She's flat out good! Big  
tall and great body type with good front end extension to go  
along with bone and wool! She's definitely a show prospect  
along with certainty that she will produce in the lambing  
barn. She's a stud ewe without a doubt don't pass up this  
opportunity to buy this female. Sire is a son of TRI who needs  
no introduction. This buck might actually out sire his daddy!  
Mother is the can't miss Person ewe she's awesome as well!

Buck lambs have taken over our barn in numbers in the past but just because we didn't have as many this year doesn't mean our quality is lacking! This stud is built great, bone, muscle, shag, all the pieces. He is one of our top bucks this year and would be staying in the show string if we could keep them all. His dam has sired many ewe lambs sold at this sale through the years and his sire is City Limits Sonic Boom who comes from a long line of champions.

### 1239-Yearling Ewe

#### Greenbrier Acres 2432 RR

D: CLSF 1704

We don't usually sell yearlings but why not try something new! This ewe was one of our later lambs born last year but has continuously improved each day. I have to cut out some yearlings this year and I am retaining her twin sister for my show string. Her sire is Rife Roadster, who we've used for several years on ewes. Her dam was the 2017 reserve national sale champion, All American class winner, multi-supreme and 2nd place yearling in 2018 Louisville. In addition, her dam's maternal sister was the 2015 reserve national champion ewe in the junior show at Louisville.

D: Greenbrier Acres 2220

There is no doubt that this lamb is one of the best ewe lambs in our barn. Those who visit pick her out first as she is easily the most eye appealing. She's real feminine up through her front end and handles with a massive top. Her sire needs no introduction as a multi champion buck. Her dam goes back to double Bone Chiller on the grand sire and grand dam sides.

### 1241-Early January Ewe Lamb 1/1-1/15

#### Greenbrier Acres 2502

S: Avery's Lockdown

D: Greenbrier Acres 2004

A classy ewe lamb with length, extension and rib. You really have to appreciate her shoulder and neck set that ties nicely into her spine. We changed up this year and used Avery's Lockdown to sire some of our LAI ewes and lets just say it was a good choice! Her dam was in my show string back in 2021 and goes back to City Limits Kaboom. This will be her first ewe lamb we aren't keeping for the show string. We were fortunate this year to have a 60% ewe lamb crop and unfortunately, I can't keep them all.

### 1242-LateFebruary Ewe Lamb 2/16+ Greenbrier Acres 2522

B: 02/20/2025 Twin

D: Greenbrier Acres 2301

By far our late lamb group is the best set we have in the barn and everyone who visits agrees. This gal is super stylish, good on her feet and legs. Plenty of length and extension. She's packing power but still feminine. Her dam goes back to a buck purchased from Colby Clark and Bone Chiller. Her sire was shown by Alison Roles and was a multi supreme as a lamb and yearling that goes back to Rife Roadster.
